EDUCATION

Sumathi Reddy Institute of Technology for Women

B.Tech in Computer Science and Engineering — CGPA: 7.03

Sri Kakatiya Junior College

Intermediate (MPC) — 89.9%

Spectra English Medium High School

Secondary (X) — Grade 10

Warangal, India

2023 – Present

Telangana, India

2021 – 2023

Telangana, India

2020 – 2021

PROJECTS

A Multi-objective Evolutionary Approach

Cloud and Edge Computing Project

Dec 2025 – April 2026

- Constructed a task offloading and resource allocation model using optimization techniques.
- Improved system performance and minimized latency in distributed computing environments.
- Applied cloud and edge computing concepts to enhance scalability and efficiency.
- Technologies: Python, Cloud Computing, Optimization Algorithms

Automated Plaque Detection in Children's Teeth | Mask R-CNN & U-Net

Deep Learning Project

Mar 2025 – June 2026

- Generated a deep learning system combining Mask R-CNN and U-Net to detect and segment dental plaque in pediatric tooth images.
- Built a web interface for real-time image upload, processing, and visualization; streamlined for mobile accessibility.
- Enabled non-invasive, cost-effective dental monitoring for parents and dentists.
- Technologies: Python, TensorFlow, OpenCV, HTML

AI Virtual Assistant Website

Full Stack AI Project

Jan 2026 – May 2026

- Designed an AI-powered virtual assistant website capable of answering user queries and providing real-time responses.
- Crafted an interactive and responsive user interface for seamless communication between users and the assistant.
- Integrated Natural Language Processing concepts to improve conversational accuracy and user experience.
- Established authentication and chat management features for secure and organized interactions.
- Technologies: HTML, CSS, JavaScript, Python, Flask, OpenAI API

INTERNSHIPS

Infosys Springboard Virtual Internship 6.0

Remote

Full Stack Developer Intern

Dec 2025 – Mar 2026

- Built a full-stack Trade Finance application using React.js, FastAPI, and PostgreSQL.
- Applied SHA-256 hashing and JWT authentication to strengthen data security and user access.
- Initiated dashboards for transaction tracking and analytics reporting.
- Tech Stack: React.js, FastAPI, PostgreSQL, JWT

TECHNICAL SKILLS

- Programming Languages:** C, Python, Java
- Web Development:** HTML, CSS, JavaScript
- Databases:** MySQL
- Developer Tools:** Git, GitHub, VS Code, Cisco Packet Tracer
- Soft Skills:** Problem Solving, Communication, Teamwork, Adaptability

CERTIFICATIONS

- Cisco Networking Academy: Introduction to Networks, Cybersecurity Essentials, CCNA
- AWS: Introduction to Generative AI
- InnovisionHER 2024 Hackathon Participation

EXTRACURRICULAR ACTIVITIES

- Participated in technical hackathons and coding workshops.
- Interested in emerging technologies and software development.
